

# A VERY BARI MINUTE

Featuring: Bariatric Drop Arm Commode

Welcome back to A Very Bari Minute, a series all about bariatrics and the specialized equipment that's out in the marketplace today! August's product feature is the **Bariatric Drop Arm Commode** by Drive Medical. Able to withstand a weight capacity of 1000 pounds, this heavy-duty bariatric commode designed with the extra space and comfort you need.

## Product Highlights

### 1. Snap-on Seat

- Featuring a durable, deeper, and wider snap-on seat as well as padded arms and a backrest for reassurance and stability, this commode is great for everyday use.

### 2. Armrests

- The armrests provide a comfortable place to rest when sitting and indicate a safe place to grab, making sitting and standing easier.

### 3. Drop Arm

- For users using a wheelchair, the tool-free drop arms make lateral transfers to and from this commode easy and safe.

### 4. Durability

- The grey powder-coated steel construction provides strength and comes complete with an extra-large commode bucket that can be removed.
