

A VERY BARI MINUTE

Featuring: Bariatric Opal Air LAL Mattress

Welcome back to A Very Bari Minute, a series all about bariatrics and the specialized equipment that's out in the marketplace today! December's product feature is the **Opal Air Bariatric Low Air Loss Mattress**! This mattress is great for users that are at a high risk of developing pressure injuries or have wounds that have progressed beyond Stage 2.

Product Highlights

1. Auto-Pressure Detection

Ensures the mattress is safe the user as it will automatically alter the pressure depending on the user's weight and position.

2. Specified Modes for Wound Prevention

3:1 Alternation Therapy or Pulsation Therapy modes to provide wound prevention and healing.

3. Auto Alarm

Will sound in the event of power failure, low pressure, or service interval.
