

The Axiom S is an entry-level skin protection cushion designed to provide immersion, pressure redistribution, and positioning support. Its contoured foam design helps improve comfort, stability, and protection for users at risk of skin breakdown.

Features

- Designed to provide increased immersion and pressure redistribution
- Deep hexagonal foam shapes improve envelopment and comfort
- Helps reduce pressure around the ischial tuberosities and coccyx
- Pre-contoured shape supports pelvic positioning and stability
- Contoured design helps distribute weight through the femurs and trochanters
- Reduced surface tension promotes better immersion into the cushion
- High-IFD polyurethane foam base provides durable support
- Four-way stretch, water-resistant cover enhances comfort and protection
- Water-resistant zipper and loop pull make cover removal easy
- Front handle with utility loops for carrying and accessories

Specifications

- Weight: 2.2 lbs (0.99 kg)
- Weight Capacity: 350 lbs (158 kg)
- Cover: Four-way stretch, water-resistant cover with skid-resistant bottom panel and durable side panels
- Overall Height: 3" (7.6 cm)
- Leg Trough Height: 2.25" (5.7 cm)
