

Can-Dan Mobile Change Table

The Can-Dan Mobile Change Table is a height-adjustable changing table designed to provide safe, comfortable care while improving caregiver ergonomics. Its mobile design, electric height adjustment, and durable construction make it ideal for healthcare, schools, and care facilities.

Features

- Electric height adjustment from 20" to 36"
- Removable 2" padded mattress with two safety belts
- Mobile design for flexible use
- Durable, germ-resistant, fire-retardant vinyl cover
- Smooth, quiet electric actuator
