- Transfer Border Width: 2.75"
- Weight Capacity: 400 lbs

MSRP
\$1,079.00

Features

- Innovative 3-layer gel-infused foam mattress design.
- High-density foam base layer provides firm support and stability.
- Mid comfort layer delivers durable support for long-term performance.
- Gel-infused memory foam top layer promotes pressure redistribution, immersion, and cooling comfort.
- High airflow top layer helps dissipate heat and maintain a cooler surface.
- Emersion Stretch cover supports client immersion while offering exceptional durability.
- Stretch, machine-washable, and wipeable cover helps minimize fluid transfer.
- Welded corners help reduce fluid incursion.
- Durable solid Vintex base enhances protection on various bed surfaces.
- Features 2.75" transfer rails on each side for added support.
