“Just a quick note to express my gratitude for Brianna’s change table. I find it very helpful as I no longer have to deal with my back pain from lifting Brianna up. Now I just lower the table to where Brianna can sit down, swing her legs up on the table while she lays down. Then raise the table up to where I can comfortably change her diaper. - Arlyn, parent

- * Always assess your client’s needs
- * Using correct body mechanics & equipment continues to be a high priority to decrease musculoskeletal injury to all health care workers
- * Call HME for demo availability and pricing
