M1

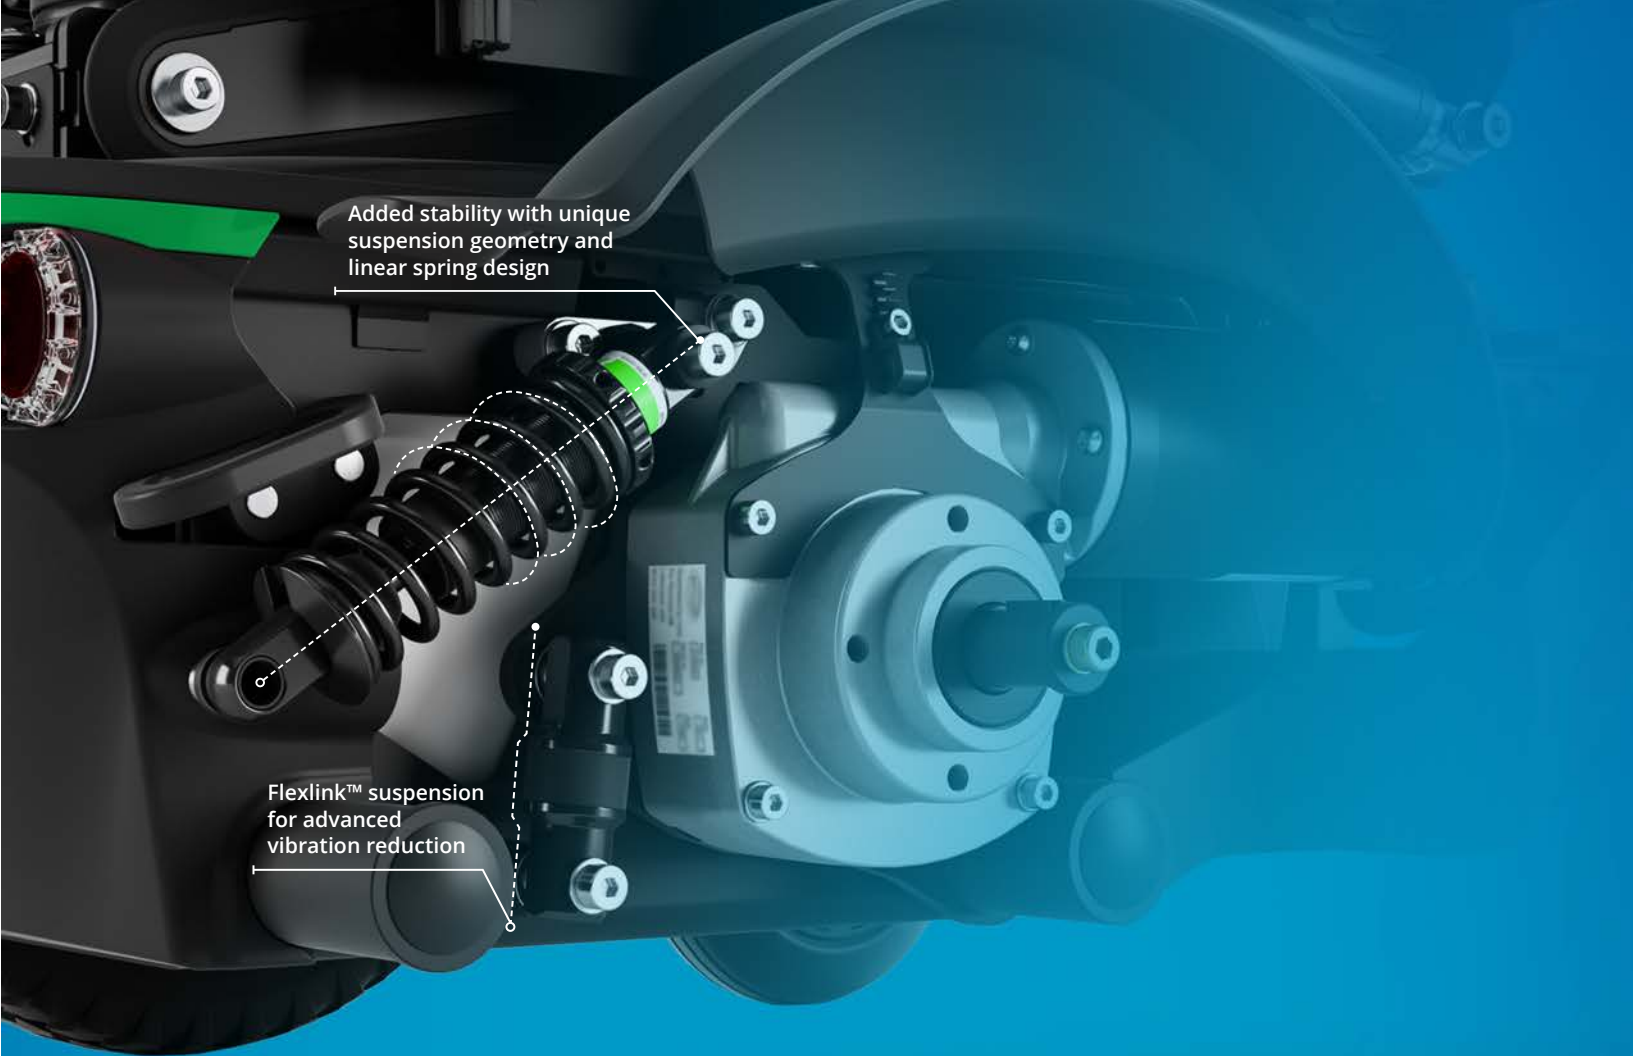

Quality meets value.

permobil

Permobil tough

Finally, armrest and legrests designed to withstand the rigors of daily repositioning and transfers. Unlike traditional, wobbly rehab arms, the M1 locking flip back armrests are durable and secure. The center mount and multi-angle adjustable swing-away legrests are built to last with a full range of options to address your lower extremity positioning needs.

Proven technology

Built on the modular chassis of the Permobil M3 Corpus®, the M1 features the same reliable drive units, patented FlexLink™ suspension and precision engineered CasterGlide™ technology to help ensure smooth, confident operation in a variety of driving scenarios.
