

HME™ **RH6 St. Croix Walk-In Bathtub**

The RH6 St. Croix Walk-In Bathtub is designed to provide safe, comfortable bathing for individuals with limited mobility. Its low threshold, wide side-entry door, and spacious contoured seat make entering and exiting the tub easier while maintaining a modern, elegant appearance.

Features

- Low-threshold entry with wide side-opening door
- Built-in or freestanding installation options
- Contoured reclining seat for added comfort
- Compact design fits smaller bathrooms
- Available in left- or right-hand configurations
- Optional heated seat
