VitalFlex Care Bed by Teknocare

Now \$3,240

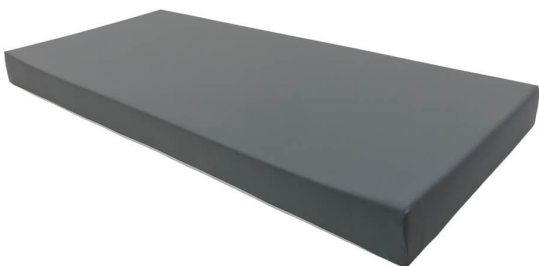

The Teknocare VitalFlex Care Bed is a versatile homecare bed with electric height, backrest, and footrest adjustments. Available in Standard and Low height models, it features durable construction, integrated safety features, optional accessories, and a warm residential design.

Halsä Bed by Permobil

Now \$4,000

The Hälsä Bed from Permobil is designed for home care, featuring low positioning, easy transport with tool-free disassembly, and standard Trendelenburg. It includes simultaneous head and foot movement, head and footboards, casters, motors, and full or half rails.

The Signature Series Otter Mattress is a 3-layer foam mattress for all ages, designed to prevent pressure sores. It includes high density rails and a fluid-resistant cover with welded corners and a zipper. Made in Canada and CertiPUR-US certified, it ensures safety from harmful chemicals.
