

Spex Comfi Back

The Spex Comfi Back is designed to provide comfortable back support and pressure relief. Its self-conforming foam design adapts to the user's shape, helping improve comfort and support throughout the day.

Features

- Self-conforming foam adapts to the user's shape for enhanced comfort
- Helps reduce pressure and improve support
- Tear-off foam cubes allow customized pressure relief
- Breathable design promotes airflow and moisture management
- Smooth contouring surface helps reduce shear forces
- Easy to set up and adjust
- Compatible with future upgrades to Spex contouring systems
