

GD2™ Cushion

The Signature Series GD2™ Cushion is designed to deliver advanced pressure distribution, postural support, and all-day comfort for wheelchair users.

MSRP
\$800.00

Features

- Larger contact surface promotes controlled and balanced weight distribution.
- Helps reduce pressure on bony prominences for enhanced comfort and protection
- Pin-dot silicone gel pelvic well provides superior immersion and support.
- Dispersion foam in the posterior well enhances pressure relief and comfort.
- Embossed gel insert improves airflow and helps reduce heat and moisture buildup.
- Medical-grade gel silicone insert offers antibacterial and anti-odour properties.
- Contoured leg support assists with positioning and stability.
- Designed & manufactured in Canada.
