The Sophia 4 bed by Orthex comes equipped with all top of the line features. It comes with a robust 800lb weight capacity in a modern pale grey colour tone. This bed includes a wireless remote, lithium back up battery, full waterproof material, trendelenburg, lumbar support and a vibro-massage feature. With options for head board and footboard, as well as full length or half length side rails you can customize this premium bed to your personal needs.

Sophia 4 Bed by Orthex

The Signature Series LTC 9000 comes with versatile design allows for multiple configurations to meet specific patient needs. The mattress uses a combination of interchangeable foam and/or air inserts to optimize care and comfort. Additionally, a removable fluid-proof, non-allergenic, antibacterial, anti-microbial 'single envelope' cover protects internal components and ensures easy cleaning.
