

LTC 9000 Mattress

The Signature Series LTC 9000 Mattress is designed to provide customizable comfort, pressure redistribution, and long-term support for a wide range of patient care needs.

MSRP
\$1,472.92

Features

- Versatile modular design allows multiple mattress configurations.
- Gel-infused viscoelastic foam promotes superior pressure redistribution and cooling comfort.
- Designed to help reduce heat build-up and sweating.
- 6-inch transfer borders provide added bedside stability and safer transfers.
- Fluid-proof, non-allergenic, antibacterial, and anti-microbial cover supports infection control and easy cleaning.
- Three-sided double slider zipper allows convenient cover removal.
- Choose a combination of: Gel-in foam, medium-firm viscoelastic foam and medium-soft polyurethane foam
